

Be the one to save a life.

Meet CLARE

I am a surgeon and in June 2009 was diagnosed at Littleton Regional Hospital and treated for Acute Myelogenous Leukemia at Dartmouth Hitchcock Medical Center. My doctors have advised me that I will need a donated Marrow Transplant to stay in remission. My family members have been tested for compatibility, but are not a match.

I am sure a match will be found and really am honored to have this drive in my name. More people will be found to match others in need.

Thousands of patients depend on the Be the Match RegistrySM to find a donor who can give them a second chance at life. You have the power to heal, the power to save a life. [Take the first step. Join the registry.](#)

JOIN THE MARROW REGISTRY

Date Monday, November 16th, 2009

Time 12:00 p.m. – 6:00 p.m.
